Overview

The mental health crisis is becoming more prevalent in the UK, with 1 in 4 adults experiencing a mental health problem every year.

This course is delivered in the classroom with the flexibility of online learning.

You'll build a knowledge base that can be used in a variety of occupational roles. You'll also:

- gain an understanding of the skills needed to work in mental health services
- learn the importance of addressing mental health problems
- learn how legislation and publicity are changing attitudes towards those seeking treatment

What you'll learn

On this course you'll study:

- Understanding the context of mental health and well-being
- Promotion of mental health and well-being
- Mental health problems, associated issues and consequences
- Understanding mental ill health
- Working in mental health

Entry requirements

You will be eligible to study for free if you do not already hold any qualifications above a Level 2.

Not sure if this applies to you? [Check your qualifications online.](#)

What this course leads to

On successful completion of this course, you'll have earned a NCFE CACHE Level 3 certificate which could also help you progress your career, or enter a new sector.
