Overview

Interested in studying a Health and Human Science related degree at university but don't have the qualifications you need?

Perfect for those who have been out of education for some time, you will be able to progress directly onto a higher education course at university on completion of this Access to Higher Education Diploma.

What you'll learn

This Access to Higher Education Diploma in health and Human Science aims to provide a balance of essential study skills with specialist subject knowledge to prepare you for university.

You will learn the following skills on this course:

- Study skills
- Biology
- Psychology
- Sociology
- Health Care
- Extended Project

Assessments / Exams

Learners will be assessed through coursework, presentations, debates and exams.

Entry requirements

Access to HE Diploma courses are for students aged 19+ by 31st August in the year in which they start the Access programme.

You must have GCSE qualifications at grade 9-5/4 (A*-C) in English, Maths and Science as these qualifications usually form part of the entry requirements for the degree courses that you'll progress to.

We recommend finding relevant work experience in either voluntary or paid employment to support your UCAS application. Universities often expect students to have some work experience before they start a course, however this is not compulsory.

Don't worry if you don't currently meet the entry requirements, as you may be able to study our **Certificate in Progression** course specifically designed for adults returning to education.

What this course leads to

On completion of this Access to Higher Education Diploma, you will have the qualifications needed to apply to university, where you can study areas including:

- Nursing
- Midwifery
- Paramedic Science
- Mental Health Nursing
- Occupational Therapy

Full 60 Credit Diploma with 45 credits graded units and 15 ungraded study skills.

Maximum UCAS 144 points from the course.
