Overview

Are you passionate about making a difference in people's lives?

This extended diploma in health and social care offers you the perfect platform to turn that passion into a fulfilling career with a unique blend of both theory and hands-on experience, equipping you with the skills needed to thrive in this dynamic field.

What you'll learn

This qualification aims to provide learners with an insight into knowledge and understanding across a range of key subject areas in health and social care including:

- Types and functions of provision
- Legislation, frameworks, policies, procedures and codes of practice
- Roles and responsibilities of health and social care practitioners
- Care values
- Human growth and development through the life span
- Health, well-being and care needs

- Partnership working
- Health and social care priorities

Assessments / Exams

There are no exams on this course. You will be assessed via written assignments.

A typical week

You will study 3 days a week, including your study programme of maths, English, work experience and tutorials.

Entry requirements

You will need to have GCSE Maths, English Language and two additional subjects at grade 3 (D) or above.

As part of the application process you will also be asked to explain why you want to study this course, so that we can ensure any course offer made aligns to your career goals.

Entry to this course is dependent on the outcome of a Disclosing and Barring Service (DBS) check.

Our teaching staff

Our staff are here to support you in your learning journey. They all have recent industry experience, and many of them continue to work in care alongside their teaching.

Links with employers

50 hours of placement time must be completed as part of the course.

Working in the industry allows you to put your knowledge into practice. It'll also help with progressing to further study or when looking for jobs.

What this course leads to

On successful completion of this course, you can move onto a Level 3 qualification or look to start an apprenticeship.

This qualifications does not provide a licence to practise, but may support progression into a range of job roles in the health and social care sector, including:

• Care support workers in adult residential settings
• Healthcare assistants in community, primary care and acute health environments
• Care support workers in domiciliary services, supported living or day services
• Community-based support workers
