Level 2

# GCSE Maths

## EDEXCEL GCSE

| Duration | Location | Starting | Age | Careers |
|---|---|---|---|---|
| 29 weeks<br>16 weeks<br>28 weeks<br>17 weeks | Rush Green Campus | Oct 2026<br>Jan 2027<br>Oct 2027 | Adult 19+ | Adult Core Skills - Digital Skills, English & Maths |

### Course fees per year

> This course is FREE if you do not already have GCSE Maths at grade 4 (C) or above. If you do already have this qualification at Grade 4 (C) or above, the fee for this course is £420 including an exam fee.

The above fees include tuition and exam fees.
Contact us to discuss what Financial support is available.

## Overview

Often a key requirement for further study or employment, GCSE Maths develops your skills for applying mathematical concepts.

## What you'll learn

Develop your knowledge of mathematical methods, apply mathematical techniques to solve problems, reason mathematically and draw conclusions, and communicate mathematical information.

## Assessments / Exams

You'll sit three paper-based exams on the course.

## A typical week

Information and Communications Technology (ICT) skills are embedded in your course - and you'll have access to extensive resources to support your learning.

We also run courses during the day or the evening - check the application options below!

## Entry requirements

You'll need to have passed a Level 2 initial assessment or to have successfully completed a Level 2 Functional Skills in Maths qualification.

## Our teaching staff

Our dedicated team of tutors are passionate about advancing your Maths skills!

## What this course leads to

Completion of this course will mean you can confidently apply for further education or higher education courses - or employment.
