Overview

Designed to give you a taster of the construction industry, and the skills needed within electrical, heating and ventilation, and plumbing trades.

There's a focus on environmental awareness as well as industry and health & safety standards.

What you'll learn

This course gives you a solid introduction to above-ground drainage, copper pipework and plastic pipework pressure.

Assessments / Exams

Assessments run throughout the year with assignments, project work and unit tests.

Entry requirements

You'll need GCSEs in English and Maths at Grade D/3 or above, or the equivalent Functional Skills qualification.

What this course leads to

Successfully completing this course means you can move on to Level 2 of the Diploma.
