Overview

The Chartered Institute of Building (CIOB) Chartered Membership Programme.

Offering a route for students with significant management experience to become members of the CIOB (MCIOB).

What you'll learn

The programme aims to provide a route to Chartered Membership that covers both the academic and competence requirements for CIOB membership. This year-long programme includes four units:

- Construction technology
- Management
- Contracts and commercial practice
- Health, safety and the environment

Assessments / Exams

There's an exam at the end of the course to determine your grade.

Entry requirements

To join this programme you'll ideally need:

- CIOB Site Management Diploma
- HNC (or equivalent) in a construction-related discipline
- 5 years of management experience

There may be an opportunity to join the course for senior managers without these qualifications. This will be determined at your interview with a CIOB-accredited lecturer.

What this course leads to

On completion of this course you could

- Secure Chartered Membership of the Chartered Institute of Building (following successful completion of a professional review)
- Embark upon other higher education postgraduate qualifications or further study within the CIOB
- Enhance your employment in the construction industry
