## Overview

Gain an understanding of auditing principles and internal control systems used by modern organisations. Learn how risks are identified, controlled and reported to support good governance and compliance.

## What you'll learn

- Principles of auditing and assurance
- Corporate governance and ethical responsibilities
- Internal control systems and risk management
- Audit planning and audit evidence
- Identifying control weaknesses and recommendations

- Digital techniques used in auditing

## Assessments / Exams

You will complete online assessments.

## Entry requirements

You'll need to have GCSE Grade 4 and above in both English Language and Mathematics, or equivalent and you will also need to have completed the AAT Advanced Diploma in Accounting at Level 3 to study on this programme.

## Our teaching staff

Tutors are qualified accountants with years of experience in industry and in delivering AAT qualification courses.
