

Level 3

Plasterer

Apprenticeship

How do apprenticeships work?

If you prefer a more practical style of learning, an apprenticeship or higher apprenticeship could be the ideal option for you. They enable you to learn on the job and gain nationally recognised qualifications at the same time. [Find out more about apprenticeships.](#)

Overview

This Level 2 Plasterer apprenticeship is to apply layers of plaster onto walls, floors and ceilings. Plastering serves a protective function; in that it makes buildings more robust and also an aesthetic function.

What you'll learn

During the apprenticeships modules you will be marked on include

- Health and Safety
- Customer Service
- Communication
- Building types, including; eras, materials, insulation and fire protection
- Materials both modern and traditional
- Dry Lining
- Mould work
- Restoration

Assessments / Exams

To achieve the apprenticeship standard all components must be completed, including Functional skills at the required level.

All apprenticeship standards include an end point assessment which is required to complete the standard.

Entry requirements

To join this apprenticeship programme, you will need English and Maths GCSEs at grade 3(D) or above.

Alternatively, you need to be working at a minimum initial assessment base line of level 1 in E&M

What this apprenticeship leads to

Upon successful completion of the programme learners can choose to continue their development through a Level 3 Apprenticeship.
