

Level 2

Pharmacy Services Assistant

Apprenticeship

				
Duration	Location	Starting	Age	Careers
12 months + 3 months end point assessment	Rush Green Campus	Flexible dates	Apprenticeships	Health & Social Care

How do apprenticeships work?

If you prefer a more practical style of learning, an apprenticeship or higher apprenticeship could be the ideal option for you. They enable you to learn on the job and gain nationally recognised qualifications at the same time. [Find out more about apprenticeships.](#)

Overview

The PSA provides a variety of pharmacy and medicines services to patients, the public and other professional healthcare teams. The PSA supports the delivery of pharmacy services in a variety of pharmacy environments.

The Pharmacy Services Assistant (PSA) works under the supervision of a Pharmacist, Pharmacy Technician, or other accountable healthcare professional.

What you'll learn

Modules include:

- Dispensing and supply of medicines and medicinal products
- Teamwork
- Communication, pharmacy law and ethics
- Person centred care
- Health and safety in the workplace

Assessments / Exams

To achieve the Apprenticeship standard, all components must be completed, including Functional skills at the required level if the Apprentice doesn't have exemptions.

All Apprenticeship standards include an end point assessment which is required to complete the standard.

Entry requirements

To join this Apprenticeship programme, you will need English and Maths GCSEs at grade 3(D) or above.

Alternatively, you will need to be working at a minimum initial assessment baseline of level 1 in English & Maths.

What this apprenticeship leads to

Upon successful completion of the Level 2 Pharmacy programme, learners can choose to continue their development through a Level 3 Pharmacy Technician Apprenticeship.
