Overview

This course is designed for a wide range of learners and career goals.

It's ideal if you have already completed the Level 2 Foundation Certificate in Accounting and want to progress further. It also suits full-time students who are aiming for a career in accountancy, finance or business, as well as those seeking an alternative to A Levels.

The course is a great option if you want to develop broader business skills to improve your job prospects. It also supports individuals already working in finance who wish to gain a qualification to boost their career opportunities. If you are interested in working in bookkeeping within a large company's finance department, this course will give you the knowledge you need.

It's also suitable for self-employed individuals who need to manage their own bookkeeping and for anyone considering a career change into finance or bookkeeping.

What you'll learn

On this course, you will be building on the knowledge gained at Level 2. This course includes study units in:

- Financial Accounting: Preparing Financial Statements
- Tax Processes for Business

Assessments / Exams

You will be assessed through online assessments.

Entry requirements

You will need to have GCSE Maths, English Language and two additional subjects at grade 4 (C) or above.

As part of the application process you will also be asked to explain why you want to study this course, so that we can ensure any course offer made aligns to your career goals.

What this course leads to

On successful completion of this course, you will be able to progress to study AAT Level Diploma in Accounting Units or go into employment as a qualified Bookkeeper.
