Overview

On this 2-year programme, which is equivalent to 3 A Levels, you will develop the core knowledge and skills that are needed for entry to a range of health occupations.

It consists of a **core component**, **an occupational specialism** and **an industry placement**, which together will prepare you for the world of work. You'll build a core understanding of health and science, including working in the healthcare sector, health and safety, data management, and scientific and clinical practice. There will also be a focus on person-centred care and infection control.

As well as developing your knowledge and understanding of the healthcare sector, you'll be able to specialise in Adult Nursing **or** Supporting the Care of Children and Young People.

As with any T Level, this course includes 9 weeks minimum working with an employer on an industry placement.

T-LEVELS
THE NEXT LEVEL QUALIFICATION

What you'll learn

On successful completion of this course you'll have a strong understanding of:

- working within the health and science sector
- health, safety and environmental regulations
- managing information and data
- principles of good scientific and clinical practice
- core science concepts including the structure of cells, tissues and large molecules, genetics, microbiology and immunology

You'll also learn about topics specific to health, including:

- understanding the healthcare sector
- providing person-centred care
- supporting health and wellbeing
- further knowledge of both human anatomy and physiology and of diseases and disorders
- infection prevention and control

You will then specialise in Adult Nursing**or** Supporting the Care of Children and Young People.

Assessments / Exams

You'll need to have excellent attendance and punctuality to complete this course. You will be assessed in college and in your work placement, via a combination of externally set exams, assignments and an employer project.

Entry requirements

To study on this course you'll need to have 4 GCSEs at grade 4 - 9 (C) or above including Maths, English Language and Science.

Our teaching staff

You'll learn from our subject-experts, who are passionate about education and supporting our students to achieve their full potential.

What this course leads to

This course is suitable for anyone wanting a career in health and healthcare. Students can progress into a variety of health roles including Healthcare Assistant or Care Worker.

You could also use this T Level to progress to a related higher-level apprenticeship or course of study at a higher level.
