Overview

This course incorporates acting, movement & dance and aims to develop skills to create an all-round professional performer.

You will focus on developing a wide range of knowledge & skills and includes exploring different ways of working in various performance styles.

Much of the course involves practical explorations and public performances alongside project based work, as well as building a personal portfolio.

What you'll learn

On this course, you will learn:

- Performance styles
- Creating material through physical theatre
- Performing to an audience
- Planning a career in the industry

You will study in a creatively rich environment within our School for the Performing Arts & Technical Theatre. You will also have access to rehearsal and performance spaces.

You will work collaboratively with other students on productions at a range of venues, and you will have the opportunity to choreograph your own vibrant and innovative pieces.

Assessments / Exams

You will be assessed through internal methods, including practical workshops, performances, written assignments, reflective logs and digital documentation of process.

Entry requirements

You will need to have GCSE Maths, English Language and two additional subjects at grade 4 (C) or above.

As part of the application process you will also be asked to explain why you want to study this course, so that we can ensure any course offer made aligns to your career goals.

Links with employers

There are a range of trips and workshops with industry professionals and stakeholders.
